

list-style-image Examples

1. PNG bullet

- First item with PNG marker
- Second item
- Third item

2. SVG bullet

- Vector marker via usvg + krilla-svg
- Scales with line-height

3. Shorthand fallback (list-style: disc url(missing))

- Missing image falls back to text marker
- Second item still shows disc

4. Mixed with other content

- Item with **bold** and *italic*
- Another item
